#### **DEVON REX ADULT**

1<sup>ST</sup> CC & BOB MURPHY'S CH KALTES RHAPSODY INBLUE (33a 16) F  
18.08.08

A sweet blue girl of 2½ years. Typical "pixie" head, a short broad wedge with a short nose, definite whisker break and strong muzzle. High cheek bones. Flat skull, rounded forehead and good stop in profile. Level bite and shallow chin that could be a fraction stronger. Large ears with a broad base & rounded tips, set low & wide apart. Large eyes of oval shape set wide apart. Elegant neck & quite muscular body of medium build and length with long slender limbs and small oval paws. Long tail well-covered with wavy but not very short fur. Rexed all over, short soft coat with ripples on the body that can be felt. A gentle girl if a little shy.

2<sup>ND</sup> WARRENER'S CH PERIBROOK DEEDEE OFREXIRU (33a 36) F 12.08.05

A mature black smoke girl of 5½ years though she looks young for her age. Head a short broad wedge with high cheek bones & a short nose. Flat skull & rounded forehead, reasonable stop in profile. Bite a little messy & deep chin that could be a fraction stronger. Large ears with a broad base & rounded tips though they could be set wider apart. Elegant body of medium build though I would prefer more muscle tone. Slender limbs & long tapering tail. Quite short coat on the body with good ripples but a little untidy. The fur on her tail could be shorter and she was fluffing it up which didn't help! A shy girl though not a problem to handle.

A vocal girl of nearly 2 years with a gentle nature. Heart-shaped head with good width between & across the eyes tapering to a rounded muzzle. Large flat forehead, slight stop in profile, good chin and level bite with lovely teeth. Well-set moderately large ears and large well open green eyes showing a slant when partially closed. Muscular semi-cobby body with elegant limbs & small oval paws. Tapering tail of medium length but it could be heavier at the base. Close-lying single coat of an even blue colour. Good silver tipping on the head and limbs but I would prefer a little more on the body. Shown in lovely condition.

1<sup>ST</sup> IC & BOB JEFFERS'S JENANCA CLARISSA (34 40/2) F 13.02.08 Thai Blue Point

A well-grown very cuddly girl of 3 years. Heart-shaped head & rounded muzzle. Slight stop in profile plus a small nose bump. Good chin & level bite. Well-set moderately large ears and large eyes held wide open though they could be a deeper blue in colour. Muscular semi-cobby body with limbs to balance. Tapering tail of medium length, quite heavy at the base & showing some faint rings. Her coat is not quite single as some undercoat is present but does lie close. Blue-grey point with silver tipping, some body shading but there is contrast with the points. A gentle girl who was nicely presented and shown in lovely condition.
