

The Bengal Cat Club 24.07.10

Mrs Val Anderson

Many thanks to Elaine & her team for the invitation to judge and to my husband Keith for stewarding.

I was given the honour of choosing the Best in Show winners from the final line up and it was a day for the ladies as all my choices were female: the adult IGR CH Bambino Shadowdancer; the kitten Woywoy Millie and the neuter GR PR Kalukikatz Arabesque. My overall winner was the Brown Spotted kitten Woywoy Millie. Many congratulations to her owner/breeders Miss Donald & Mr Bradley!

GRAND CLASS – CHAMPION BENGAL ADULT MALE

GCC BULL'S IGR CH ADCINSH SOLITAIRES WISH (76b 30) M 11.01.05 Snow Spotted

A very showy boy of 5½ years with a super temperament. Mature head with well-developed jowls, a medium wedge slightly longer than wide with rounded contours. Large nose, broad rounded muzzle & pronounced spotted whisker pads. Shallow curve to the profile, deep chin & level bite with lovely teeth. Well-set ears of medium size if a little tall. Large blue eyes with good depth of colour. Strong muscular body with limbs to balance. Moderately long tail with a thick base & slightly tapering. Soft dense coat with a spotted pattern on an ivory base. Well-spaced single coloured spots on the body, ideally they could show more contrast but his coat has probably darkened with age. Good head markings & super leg markings of bars & spots. Spotted tummy & ringed tail with a dark tip. Shown in excellent condition and a pleasure to judge.

RGCC WAGSTAFF'S CH SEREGON RODRIGUEZ (76 20) M 03.11.08 Brown Marbled

A young lad of 1½ years but strong & muscular and well-developed for his age. Masculine head of medium length & slightly longer than wide with rounded contours & noticeable jowls. Large nose & broad rounded muzzle. Slight curve to the profile & rounded chin that could be deeper. He wasn't keen on having his bite examined & I only had a brief glimpse and it appeared to be OK if a little untidy. Medium ears set rather wide apart & large eyes of a rounded oval shape set on a slight slant. Lovely deep green eye colour. Strong neck & long muscular body with limbs to balance. His tail is thick at the base but tapers. Reasonably soft & dense coat with a lovely distinct marbled pattern & rich colouration of black & shades of brown on a golden base. Good head & leg markings, spotted tummy & ringed tail. A powerful boy with a gentle nature.

single colour but showing good contrast with the warm golden base. Spotted tummy & distinct leg markings. A gentle girl though she preferred to high under her blanket.
